Fall, 2009

Dear Inner Wheel Members,

International President, Anne Fryer, joins me and the IWUSA Governing Body in welcoming you to another year of friendship and service in Inner Wheel. We are thrilled and honored to embrace you as members. The fellowship you share within your Clubs and Districts will bring you great joy as you continue to strengthen your existing friendships and encourage others to join this wonderful Organization.

We pride ourselves in being one of the largest women's organizations in the world! Together, just think of the many contributions that are made for humanity through the work of International Inner Wheel and Inner Wheel U.S.A. at the Zone, District and Club levels. It is pretty amazing to be involved in building friendships and simultaneously making a significant difference to better mankind.

Please consider using the resources of the International and National Inner Wheel websites, (www.innerwheel.com and www.innerwheelusa.com) as well as the IWUSA Newsletter to keep informed on the work and achievements of our sister Clubs around the world and within our own USA.

As our Clubs continue to set plans in motion for the year, I hope that they will incorporate the following: schedule a member-guest event, celebrate the work of the Foundation and recommend 100% membership participation, promote and attend the tri-annual Conference Cruise, "*Inner Wheel is a Splendor Thing*" in January 2010, and encourage Club participation in the Year of Achievement Award.

I look forward to visiting with our Clubs and meeting as many of our members as possible. Together we will HELP bring HOPE as we embrace the Objects of Inner Wheel by continuing to Promote True Friendships, Encourage the Ideals of Personal Service and Foster International Understanding.

With heartfelt appreciation,

Suzanne M. Robinson
President/National Representative
